

Beggar's Night (Trick-or-Treat) 2020

The Licking County Health Department (LCHD) is working closely with Licking County City and Village mayors to safely offer Beggars Night (Trick or Treat) on **Thursday, October 29th from 5:30 pm to 7 pm.**

Aligning the event at the same time in each community will reduce the comingling of communities, which could potentially cause an increase of COVID-19 cases. In addition, LCHD recommends:

- Participants stay in family groups
- Children be accompanied by an adult
- All participants wear a face-covering (or mask for those dressing up) in accordance with the current face covering order
- All candy be handed out by an adult (do not grab candy directly from bowl), preferably while remaining outside

In addition, LCHD asks that participants:

- Stay home if they feel sick
- Do not pass out candy if you feel sick
- Wash hands (or sanitize) often
- Observe social distancing and do not gather with other family groups
- Be respectful of homes/families who choose not to participate

The Licking County Health Department will continue to monitor and respond to COVID-19 in Licking County. This event may change based on local COVID reporting, or at the State's recommendation.
